MuiGrate Pultruded Grating & Chequered Plate

FRP Grating C/W MS Frame

FRP Grating C/W FRP Frame

FRP CHEQUERED PLATE Grating C/W MS Frame

FRP CHEQUERED PLATE Grating C/W FRP Frame

MuiGrate Grating Type Selection Guide

MuiGrate Specification Option

- Grating Size : (A) _____ x (B) _____
- Grating Height : (C) 25mm [1.0"] / 38mm [1-½"] / 50mm [2.0"]
- Frame Type : - Fiberglass Frame [FF]- | -Mild Steel Frame [MS]- | -Galvanized [HDG]-
- Hinges Type : - Grating Only- | -Mild Steel- | -Stainless Steel- | -Aluminum-
- Surface Type : - Gritted- | -Gritted- | -Chequered Plate 3mmT
- Resin : - ISO phthalic- | -Vinyl Ester- | -Fire Resistance[FR]- | -Others: _____
- Grating Color : - Grey- | -Yellow- | -Green- | -Others: _____
- Accessories : Embossed Logo- | -Handle [SS]/[MS]- | -Others: _____
- : Fish Tail on Frame ^{4nos per frame} [YES / NO]

Aluminium Hinges

Mild Steel Hinges

Stainless Steel Hinges

Bolt & Nuts Type

Light Duty Manhole Cover (Septic Tank)

FRP-MC/18"x24"

FRP-MC/D24"

FRP-MC/D20"

FRP-MC/D10"

FRP-MC/15"x20"

PRODUCT	DIMENSION	
	MM	INCH
FRP MC /18x24	457mm x 610mm	18"x24"
FRP MC /15x20	381mm x 508mm	15"x20"
FRP MC /D24	610mm	24"
FRP MC /D20	508mm	20"
FRP MC /D10	254mm	10"

Our Products & Applications

Recent increased in steel prices and uncontrolled theft problem of steel manhole and trench covers has created a substantial need for durable, corrosion-resistant manhole covers and drain sump made of fiberglass reinforced plastics (FRP)

MuiGrate FRP Cover is manufactured with high quality ISO phthalic Polyester Resin and the exterior surface are coated with a UV resistant gelcoat. The standard grit-top surface provides perfect anti-slip flooring. MuiGrate FRP Cover provides excellent corrosion resistance, easy to install, and offers long term durability. These products are ideally suited for manhole covers, trench cover platforms and also to control subsurface odours.

Whether covers are rectangular or round, MuiGrate FRP Cover equally satisfies the unique challenge created by each type of application.

MUIGRATE 101 – SELECTION GUIDE & SPECIFICATION OPTION

- 1) (A) : Grating Length (L) both end must be supported (recess >25mm); Maximum length is 3.0 m [10 ft].
- 2) (B) : Grating Width (W) ; Maximum width is 1.2 m to 1.5 m [4.0 ft to 5.0 ft].
- 3) Standard Panel Grating available in **20ft x 6ft**.
- 4) *Design Note 1:* If grating size is larger than maximum width, "**Double Leaf**" design applied.
- 5) *Design Note 2:* If concrete recess is not used, "**Z-Frame**" design applied; subject to design loading
- 6) Additional Cost applied on Grating Color, Resin & accessories. Please call for details.
- 7) Quotation & price usually does not include installation, unloading, documentation & testing
- 8) Dimension Tolerance $\pm 5\text{mm}$
- 9) For Special Chemical Resistance, detailed presence of type(s) of chemical(s) in terms of concentration, working temperature and other important technical specification should be provide for compatibility check before proceeding with order. This may affect quoted price due to different raw material requirement
- 10) FRP Grating are design as for only pedestrian traffic (human traffic) as per BS 4592.
- 11) "Heavy Duty" FRP Grating **unable** to support vehicle loads (cars/motorcycles/trailer/trucks). **Any uses or vehicle will void warranty; unless certified by our company.**
- 12) The support usually are install parallel to Grating Width (B). It can be material made of FRP & Mild Steel (Channel or I-Beam), or Concrete plinth.
- 13) For FRP Grating Loading Table please refer to Advance MuiGrate Catalog. (Available upon request.)
