Frequently Asked Questions :

Question : Do Mui Fatt provide Plumbing services?

Answer : No, all pipe work / plumbing or connecting of from inlet to tank are exclude from our job scope

Question : Is GRP suitable or safe for drinking / Portable Water ?

Answer : Yes, GRP had been in the market for a very long time and under Malaysian Standard product coupon are subject to testing. GRP are suitable for cold water/potable water

Question : How to know if current panel tank is Press Steel or GFRP Section panel tank?

Answer : There are two kind of Section Panel Tank, Press Steel made from Mild steel or Composite GFRP Sectional Panel tank. Our tank are usually 1m x1m and mild steel are 4ft x 4ft. You can convert MS Section Tank to GRP tank with converting concrete plinth.

Question : How to do leak test of GFRP Sectional Panel Tank?

Answer : Leak test are self explanitary. After Tank installed and connect to water sources, client advice to do testing to check if there are any leakage and report to us within 1 month of installation dates. The cost for water for testing is born by customers.

Question : Is there any maintenance of GFRP Sectional tank TANK?

Answer : We advice client to do tank cleaning every 4-5 years. This tank is not automade cleaning tank, foreign particle or dirt from water source can be trap in FRP tank and hence the water become dirty.

Question : how long is the tank warranty ?

Answer : the tank come with 10 years Manufacturing Warranty and 1 year of Leaking Warranty.

Question : can you do installation at island or West Malaysia?

Answer : Yes, installation within Malaysia, however there will additional installation cost, please contact our sales personal for details.

Question : Losing of accessories at site?

Answer : After delivery of goods along with accessories, customer must make sure the goods are secure until arrival of installer

Question : Is Mui Fatt GRP Section Tank come with flanges?

Answer : our tank exclude all pipe work and Valve, Ball float valve, Flanges or Nozzle, we only provide panel with opening.

Question : For Tank longer than 7m , we suggest short partition, please contact us for more details
